Membership is for the calendar year, no matter what month you join. If you join the NCS after the end of March, you will receive all back issues of Noritake News for that year. However, if you wish to join the NCS after the end of October, you may choose to start your NCS membership (and newsletter subscription) in January of the subsequent year (see last question below). Nevertheless, new NCS members, even joining as late as mid-December of a given year, are encouraged to consider starting your membership for the current year in order to catch up on what has been happening in the NCS and be in a better position to appreciate what is in store for Society members in the year ahead.

Starting immediately, all new or returning members who join for at least two years will receive all of the issues of Noritake News that were sent during the year PRIOR to the start of membership. In other words, if you sign up for at least two years now, you get the previous year's issues free.

Payment may be made by check or money order mailed to the address above, or by PayPal.
